# 2. Hazard(s) identification

| Physical hazards                             | Not classified.  |  |
|--|--|--|
| Health hazards                               | Acute toxicity, oral   | Category 5   |
|  | Acute toxicity, dermal   | Category 5   |
| Environmental hazards                        | Hazardous to the aquatic environment, acute hazard   | Category 3   |
|  | Hazardous to the aquatic environment, long-term hazard                                     | Category 3   |
| OSHA defined hazards                         | Not classified.  |  |
| Label elements                               |  |  |
| Hazard symbol                                | None.  |  |
| Signal word                                  | Warning  |  |
| Hazard statement                             | May be harmful if swallowed. May be harmful in contact with skin. Harmful to aquatic life. |  |
| Precautionary statement                      |  |  |
| Prevention                                   | Avoid release to the environment.  |  |
| Response                                     | Wash hands after handling.   |  |
| Storage                                      | Store away from incompatible materials.  |  |
| Disposal                                     | Dispose of contents/container in accordance w  | with local/regional/national/international regulations.  |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.  |  |
| Supplemental information                     |  | unknown acute inhalation toxicity. 99.81% of the acute hazards to the aquatic environment. 99.81% known long-term hazards to the aquatic |
|  |  |  |

### 3. Composition/information on ingredients

#### Mixtures

| Chemical name | Common name and synonyms | CAS number | %       |
|---------------|--------------------------|------------|---------|
| Quartz        |                          | 14808-60-7 | 30 - 60 |

| Chemical name  | Common name and synonyms   | CAS number   | %  |
|--|--|--|--|
| Silicone Polymer   |  | Proprietary  | 15 - 40                                    |
| Other components below repor   |  |  | 3 - 7                                      |
| *Designates that a specific chemic   | cal identity and/or percentage of composition has  | been withheld as a trade sec   | cret.                                      |
| 4. First-aid measures  |  |  |  |
| Inhalation   | Move to fresh air. Call a physician if symptoms  | develop or persist.  |  |
| Skin contact   | Wash off with soap and water. Get medical advattention if irritation develops and persists. Wa   |  |  |
| Eye contact  | Rinse with water. Get medical attention if irritat   | tion develops and persists.  |  |
| Ingestion  | Rinse mouth. If vomiting occurs, keep head low<br>Get medical advice/attention if you feel unwell.   |  | esn't get into the lungs                   |
| Most important<br>symptoms/effects, acute and<br>delayed                     | Direct contact with eyes may cause temporary   | irritation.  |  |
| Indication of immediate<br>medical attention and special<br>treatment needed | Provide general supportive measures and trea Symptoms may be delayed.  | t symptomatically. Keep victir   | n under observation.                       |
| General information  | Ensure that medical personnel are aware of the protect themselves. Show this safety data shee  |  |  |
| 5. Fire-fighting measures  |  |  |  |
| Suitable extinguishing media   | Water fog. Foam. Dry chemical powder. Carbo  | on dioxide (CO2).  |  |
| Unsuitable extinguishing<br>media  | Do not use water jet as an extinguisher, as this   | s will spread the fire.  |  |
| Specific hazards arising from the chemical                                   | During fire, gases hazardous to health may be  | formed.  |  |
| Special protective equipment<br>and precautions for firefighters             | Self-contained breathing apparatus and full pro  | otective clothing must be worr   | n in case of fire.                         |
| Fire fighting<br>equipment/instructions                                      | Move containers from fire area if you can do so  | o without risk.  |  |
| Specific methods   | Use standard firefighting procedures and cons  | ider the hazards of other invo   | lved materials.                            |
| General fire hazards   | No unusual fire or explosion hazards noted.  |  |  |
| 6. Accidental release mea  | sures  |  |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures    | Wear appropriate protective equipment and clo<br>containers or spilled material unless wearing a<br>ventilation. For personal protection, see section  | ppropriate protective clothing   |  |
| Methods and materials for  | Prevent product from entering drains.  |  |  |
| containment and cleaning up  | Large Spills: Stop the flow of material, if this is possible. Absorb in vermiculite, dry sand or ea recovery, flush area with water.   |  |  |
|  | Small Spills: Wipe up with absorbent material (<br>remove residual contamination.  | (e.g. cloth, fleece). Clean surf                                       | ace thoroughly to                          |
| Environmental precautions  | Never return spills to original containers for re-<br>Avoid release to the environment. Inform appro<br>environmental releases. Prevent further leakage<br>drains, water courses or onto the ground. | opriate managerial or supervis   | sory personnel of all                      |
| 7. Handling and storage  |  |  |  |
| Precautions for safe handling  | Do not taste or swallow. Avoid contact with eye<br>or smoke. Provide adequate ventilation. Wear<br>hands thoroughly after handling. Avoid release<br>before reuse. Observe good industrial hygiene   | appropriate personal protection to the environment. Wash corpractices. | ve equipment. Wash<br>ontaminated clothing |
| Conditions for safe storage,<br>including any incompatibilities              | Store in tightly closed container. Store away fro SDS).  | om incompatible materials (se  | e Section 10 of the                        |

# 8. Exposure controls/personal protection

| Skin protection<br>Hand protection      | Wear appropriate chemical resistan  | t gloves.   |   |  |
| Other                                   | Wear appropriate chemical resistant clothing.   |   |   |  |
| <b>Respiratory protection</b>           | In case of insufficient ventilation, we   | In case of insufficient ventilation, wear suitable respiratory equipment. |   |  |
| Thermal hazards                         | Wear appropriate thermal protective   | Wear appropriate thermal protective clothing, when necessary.             |   |  |
| neral hygiene<br>nsiderations           | Keep away from food and drink. Alw<br>washing after handling the material<br>work clothing and protective equipm  | and before eating, drinking, and  |   |  |

# 9. Physical and chemical properties

| Appearance                              |                        |
|---|------------------------|
| Physical state                          | Liquid.                |
| Form                                    | Liquid.                |
| Color                                   | Opaque.                |
| Odor                                    | Slight.                |
| Odor threshold                          | Not available.         |
| рН                                      | Not available.         |
| Melting point/freezing point            | Not available.         |
| Initial boiling point and boiling range | Not available.         |
| Flash point                             | > 201.0 °F (> 93.9 °C) |
| Evaporation rate                        | Not available.         |
| Flammability (solid, gas)               | Not applicable.        |
| Upper/lower flammability or exp         | losive limits          |
| Flammability limit - lower<br>(%)       | Not available.         |
| Flammability limit - upper<br>(%)       | Not available.         |
| Explosive limit - lower (%)             | Not available.         |

| Explosive limit - upper (%)                | Not available.  |
|--|---|
| Vapor pressure                             | Not available.  |
| Vapor density                              | Not available.  |
| Relative density                           | Not available.  |
| Solubility(ies)                            |   |
| Solubility (water)                         | Not available.  |
| Partition coefficient<br>(n-octanol/water) | Not available.  |
| Auto-ignition temperature                  | Not available.  |
| Decomposition temperature                  | Not available.  |
| Viscosity                                  | Not available.  |
| Other information                          |   |
| Density                                    | 1.47 g/cm3  |
| Explosive properties                       | Not explosive.  |
| Oxidizing properties                       | Not oxidizing.  |
| Specific gravity                           | 1.47  |
| 10. Stability and reactivity               |   |
| Depatholity                                | The product is stable and per reactive under normal conditions of use stars and transport |

| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport.   |
|---------------------------------------|---|
| Chemical stability                    | Material is stable under normal conditions.   |
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.   |
| Conditions to avoid                   | Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials. |
| Incompatible materials                | Strong oxidizing agents.  |
| Hazardous decomposition<br>products   | No hazardous decomposition products are known.  |

# 11. Toxicological information

### Information on likely routes of exposure

| ,  |  |
|--|--|
| Inhalation   | May cause irritation to the respiratory system.  |
| Skin contact   | May be harmful in contact with skin.   |
| Eye contact  | May be irritating to eyes.   |
| Ingestion  | May be harmful if swallowed.   |
| Symptoms related to the physical, chemical and toxicological characteristics | Direct contact with eyes may cause temporary irritation.   |
| Information on toxicological effe  | ects   |
| Acute toxicity   | May be harmful if inhaled. May be harmful in contact with skin. May be harmful if swallowed.                     |
| Skin corrosion/irritation  | Prolonged skin contact may cause temporary irritation.   |
| Serious eye damage/eye<br>irritation   | May be irritating to eyes.   |
| Respiratory or skin sensitization  | 1  |
| <b>Respiratory sensitization</b>   | Not a respiratory sensitizer.  |
| Skin sensitization   | This product is not expected to cause skin sensitization.  |
| Germ cell mutagenicity   | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| Carcinogenicity  | Not classified.  |
| IARC Monographs. Overall   | Evaluation of Carcinogenicity  |
| Quartz (CAS 14808-60-7   | ) 1 Carcinogenic to humans.  |
| OSHA Specifically Regulate   | d Substances (29 CFR 1910.1001-1052)   |
| Quartz (CAS 14808-60-7   |  |
| US. National Toxicology Pro  | ogram (NTP) Report on Carcinogens  |
| Quartz (CAS 14808-60-7   | ) Known To Be Human Carcinogen.  |
|  |  |

| Reproductive toxicity                                 | This product is not expected to cause reproductive or developmental effects.  |  |
|---|---|--|
| Specific target organ toxicity -<br>single exposure   | May cause irritation to the respiratory system.   |  |
| Specific target organ toxicity -<br>repeated exposure | Not classified.   |  |
| Aspiration hazard                                     | Not an aspiration hazard.   |  |
| 12. Ecological information                            | 1   |  |
| Ecotoxicity   | Harmful to aquatic life with long lasting effects.  |  |
| Persistence and degradability                         | No data is available on the degradability of any ingredients in the mixture.  |  |
| Bioaccumulative potential                             | No data available.  |  |
| Mobility in soil                                      | No data available.  |  |
| Other adverse effects                                 | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |  |
| 13. Disposal consideration                            | ns  |  |
| Disposal instructions                                 | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow   |  |

| Disposal instructions                    | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations. |
|--|--|
| Local disposal regulations               | Dispose in accordance with all applicable regulations.   |
| Hazardous waste code                     | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| Waste from residues / unused<br>products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).   |
| Contaminated packaging                   | Since emptied containers may retain product residue, follow label warnings even after container is<br>emptied. Empty containers should be taken to an approved waste handling site for recycling or<br>disposal.   |
