The same **EXCEPTIONAL WEAR AND ABRASION PROTECTION** as original DFense Blok™, but **EASIER TO MIX**!

- **Easy Mixing**
  - Even in extreme cold conditions

- **Non-Sagging**
  - On vertical or overhead surfaces

- **Rapid Curing**
  - Cures in only 4.5 hours, minimizing equipment/process downtime

- **Superior Wear Resistance**
  - Can be used in place of ceramic tile or conventional epoxy systems

- **Exceptional Impact Resistance**
  - 7 times the drop impact strength of ceramic tile

- **Surface Wetting Agent**
  - Significantly improves DFense Blok™ adhesion. Eliminates wait time and ensures complete surface coverage.
