

Frequently Asked Questions about Korrobond

Korrobond:

- The Resin has settled / separated in the pail, what do I do?
 - Some settling is normal with this product. Use of a Jiffy mixer or suitable alternative to homogenize the resin before the addition of the hardener is important to ensure best results with the cured material.
- How quickly can I return my crusher to service after pouring the backing?
 - This will depend on temperature. Further information can be found in the Korrobond 65 Application Guideline.
