SAFETY DATA SHEET

Version #: 05 Issue date: 01-23-2020 Revision date: 08-03-2023 Supersedes date: 07-08-2023

SECTION 1: Identification of the substance/mixture and of the company/undertaking

	of the substance/mixture and of the company/undertaking				
1.1. Product identifier					
Trade name or designation of the mixture	PLEXUS® PU2105 Activator				
Registration number	-				
Synonyms	None.				
SKU#	21053				
1.2. Relevant identified uses of t	he substance or mixture and uses advised against				
Identified uses	Not available.				
Uses advised against	None known.				
1.3. Details of the supplier of the	e safety data sheet				
Company Name	ITW Performance Polymers				
Address	Bay 150				
	Shannon Industrial Estate				
	Co. Clare				
	Ireland				
	V14 DF82				
Contact Person	Customer Service				
Telephone Number	353(61)771500				
Emoil	353(61)471285				
Email Emorgoney Phone Number	customerservice.shannon@itwpp.com 44(0) 1235 239 670 (24 hours)				
Emergency Phone Number					
1.4. Emergency telephone numb General in EU	er 112 (Available 24 hours a day. SDS/Product information may not be available for the Emergency Service.)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

Classification according to Regulation (EC) No 1272/2008 as amended

Health hazards		
Acute toxicity, inhalation	Category 4	H332 - Harmful if inhaled.
Skin corrosion/irritation	Category 2	H315 - Causes skin irritation.
Serious eye damage/eye irritation	Category 2	H319 - Causes serious eye irritation.
Respiratory sensitization	Category 1	H334 - May cause allergy or asthma symptoms or breathing difficulties if inhaled.
Skin sensitization	Category 1	H317 - May cause an allergic skin reaction.
Carcinogenicity	Category 2	H351 - Suspected of causing cancer.
Specific target organ toxicity - single exposure	Category 3 respiratory tract irritation	H335 - May cause respiratory irritation.
Specific target organ toxicity - repeated exposure	Category 2	H373 - May cause damage to organs through prolonged or repeated exposure.

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended UFI:

Austria: CHC0-P09Q-M002-FH6A Belgium: CHC0-P09Q-M002-FH6A Bulgaria: CHC0-P09Q-M002-FH6A Croatia: CHC0-P09Q-M002-FH6A Cyprus: CHC0-P09Q-M002-FH6A Czech Republic: CHC0-P09Q-M002-FH6A Denmark: CHC0-P09Q-M002-FH6A Estonia: CHC0-P09Q-M002-FH6A EU: CHC0-P09Q-M002-FH6A Finland: CHC0-P09Q-M002-FH6A France: CHC0-P09Q-M002-FH6A Germany: CHC0-P09Q-M002-FH6A Greece: CHC0-P09Q-M002-FH6A Hungary: CHC0-P09Q-M002-FH6A Iceland: CHC0-P09Q-M002-FH6A Ireland: CHC0-P09Q-M002-FH6A Italy: CHC0-P09Q-M002-FH6A Latvia: CHC0-P09Q-M002-FH6A Lithuania: CHC0-P09Q-M002-FH6A Luxembourg: CHC0-P09Q-M002-FH6A Malta: CHC0-P09Q-M002-FH6A Netherlands: CHC0-P09Q-M002-FH6A Norway: CHC0-P09Q-M002-FH6A Poland: CHC0-P09Q-M002-FH6A Portugal: CHC0-P09Q-M002-FH6A Romania: CHC0-P09Q-M002-FH6A Slovakia: CHC0-P09Q-M002-FH6A Slovenia: CHC0-P09Q-M002-FH6A Spain: CHC0-P09Q-M002-FH6A Sweden: CHC0-P09Q-M002-FH6A

Contains:

Hazard pictograms

Diphenylmethane Diisocyanate [isomers And Homologues]

Signal word Haza

ard statements	
H315	Causes skin irritation.
H317	May cause an allergic skin reaction.
H319	Causes serious eye irritation.
H332	Harmful if inhaled.
H334	May cause allergy or asthma symptoms or breathing difficulties if inhaled.
H335	May cause respiratory irritation.
H351	Suspected of causing cancer.
H373	May cause damage to organs through prolonged or repeated exposure.

Precautionary statements

Prevention	
P201	Obtain special instructions before use.
P202	Do not handle until all safety precautions have been read and understood.
P260	Do not breathe mist/vapors.
P264	Wash thoroughly after handling.
P271	Use only outdoors or in a well-ventilated area.
P272	Contaminated work clothing should not be allowed out of the workplace.
P280	Wear protective gloves/protective clothing/eye protection/face protection/hearing protection.
P284	Wear respiratory protection.
Response	
P302 + P352	IF ON SKIN: Wash with plenty of water.
P304 + P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P308 + P313	IF exposed or concerned: Get medical advice/attention.
P333 + P313	If skin irritation or rash occurs: Get medical advice/attention.
P337 + P313	If eye irritation persists: Get medical advice/attention.
P342 + P311	If experiencing respiratory symptoms: Call a POISON CENTER/doctor.
P362 + P364	Take off contaminated clothing and wash it before reuse.

Storage

P403 + P233 P405	Store in a well-ventilated place. Keep container tightly closed. Store locked up.	
Disposal		
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.	
Supplemental label information	50% of the mixture consists of component(s) of unknown acute hazards to the aquatic environment. 50% of the mixture consists of component(s) of unknown long-term hazards to the aquatic environment.	
2.3. Other hazards	This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII. The mixture does not contain any substances included in the list established in accordance with REACH Article 59(1) for having endocrine disrupting properties at a concentration equal to or greater than 0.1% by weight.	
SECTION 3: Composition/information on ingredients		

3.2. Mixtures

General information

SECTION 4: First aid mea	sures				
General information	(show the label w	nere possible). Ensu	advice/attention. If you feel user that medical personnel are the themselves. Wash contained the section of th	e aware of the ma	aterial(s)
4.1. Description of first aid meas	sures				
Inhalation	artificial respiratio Induce artificial re	n if needed. Do not ι spiration with the aid	t rest in a position comfortable use mouth-to-mouth method in of a pocket mask equipped v xperiencing respiratory sympt	f victim inhaled th with a one-way v	ne substance. alve or other
Skin contact	Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions. Wash contaminated clothing before reuse.				
Eye contact	Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.				
Ingestion	Rinse mouth. Get	medical attention if	symptoms occur.		
4.2. Most important symptoms and effects, both acute and delayed	Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause respiratory irritation. Difficulty in breathing. Skin irritation. May cause redness and pain. May cause an allergic skin reaction. Dermatitis. Rash. Prolonged exposure may cause chronic effects.				
4.3. Indication of any immediate medical attention and special treatment needed		upportive measures . Symptoms may be	and treat symptomatically. Ke delayed.	∍ep victim warm.	Keep victim
SECTION 5: Firefighting n	neasures				

General fire hazards	No unusual fire or explosion hazards noted.
5.1. Extinguishing media Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
Unsuitable extinguishing media	Water. Do not use water jet as an extinguisher, as this will spread the fire.
5.2. Special hazards arising from the substance or mixture	During fire, gases hazardous to health may be formed.

5.3. Advice for firefighters Special protective equipment for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.		
Special fire fighting procedures	Move containers from fire area if you can do so without risk.		
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.		
SECTION 6: Accidental re	lease measures		
6.1. Personal precautions, prote	ctive equipment and emergency procedures		
For non-emergency personnel	Do not breathe mist/vapors. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Do not touch or walk through spilled material.		
For emergency responders	Keep unnecessary personnel away. Ensure adequate ventilation. Avoid breathing mist/vapors. Local authorities should be advised if significant spillages cannot be contained. Use personal protection recommended in Section 8 of the SDS.		
6.2. Environmental precautions	Avoid discharge into drains, water courses or onto the ground.		
6.3. Methods and material for containment and cleaning up	Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.		
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.		
	Never return spills to original containers for re-use. Put material in suitable, covered, labeled containers.		
6.4. Reference to other sections	For personal protection, see section 8 of the SDS. For waste disposal, see section 13 of the SDS.		
SECTION 7: Handling and	storage		
7.1. Precautions for safe handling	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist/vapors. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Should be handled in closed systems, if possible. Use only outdoors or in a well-ventilated area. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.		
	Otomo la club d'une. Otomo in displate d'accedence de contrais en otomo in a cuallo constitute d'ale con Otomo access frances		

7.2. Conditions for safe
storage, including any
incompatibilitiesStore locked up. Store in tightly closed container. Store in a well-ventilated place. Store away from
incompatible materials (see Section 10 of the SDS).

7.3. Specific end use(s) Observe industrial sector guidance on best practices.

SECTION 8: Exposure controls/personal protection

8.2. Exposure controls				
Appropriate engineering controls	Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. General ventilation normally adequate. Provide eyewash station and safety shower.			
Individual protection measures	s, such as personal p	protective equipme	nt	
General information	Use personal protective equipment as required. Personal protection equipment should be chosen according to the CEN standards and in discussion with the supplier of the personal protective equipment.			
Eye/face protection Skin protection	Chemical respirator with organic vapor cartridge and full facepiece.			
- Hand protection	Wear appropriate	chemical resistant gl	oves.	
- Other	Wear appropriate	chemical resistant cl	othing. Use of an i	impervious apron is recommended.
Respiratory protection	Chemical respirate	or with organic vapor	cartridge and full	facepiece.
Thermal hazards	Wear appropriate	thermal protective clo	othing, when nece	essary.
Hygiene measures	measures, such as smoking. Routine	Wear appropriate thermal protective clothing, when necessary. Observe any medical surveillance requirements. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Contaminated work clothing should not be allowed out of the workplace.		
Environmental exposure controls	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. Fume scrubbers, filters or engineering modifications to the process equipment may be necessary to reduce emissions to acceptable levels.			
	acceptable levels.			

9.1. Information on basic physical and chemical properties

Physical state	Liquid.
Form	Liquid.
Color	Black
Odor	Slight.
Melting point/freezing point	Not available.
Boiling point or initial boiling point and boiling range	>572 °F (>300 °C)
Flammability	Not applicable.

	>392,0 °F (>200,0 °C)
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
рН	Not available.
Cinematic viscosity	Not available.
Solubility	
Solubility (water)	Not available.
Partition coefficient n-octanol/water) (log value)	Not available.
/apor pressure	0,0001 hPa estimated
Density and/or relative density	y la
Density	1,95 g/cm3
Vapor density	Not available.
Particle characteristics	Not available.
D.2. Other informationD.2.1. Information with regard to physical hazard classes	No relevant additional information available.
9.2.2. Other safety characteris	tics
Specific gravity	1,95
SECTION 10: Stability a	nd reactivity
10.1. Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
10.2. Chemical stability	Material is stable under normal conditions.
0.3. Possibility of hazardous eactions	No dangerous reaction known under conditions of normal use.
0.4. Conditions to avoid	Contact with incompatible materials.
0.5. Incompatible materials	Strong oxidizing agents. Alkaline metals. Alcohols. Phenols.
10.6. Hazardous	No hazardous decomposition products are known.

Reproductive toxicity	Due to partial or complete lack of data the classification is not possible.
Specific target organ toxicity - single exposure	May cause respiratory irritation.
Specific target organ toxicity - repeated exposure	May cause damage to organs through prolonged or repeated exposure.
Aspiration hazard	Due to partial or complete lack of data the classification is not possible.
Mixture versus substance information	No information available.
11.2. Information on other hazar	ds
Endocrine disrupting properties	This mixture does not contain any substances having endocrine disrupting properties with respect to human health as assessed in accordance with the criteria set out in Regulations (EC) No 1907/2006, (EU) No 2017/2100 and (EU) 2018/605, at a concentration equal to or greater than 0.1% by weight.
Other information	Not available.
SECTION 12: Ecological in	nformation
12.1. Toxicity	Based on available data, the classification criteria are not met for hazardous to the aquatic environment.
12.2. Persistence and degradability	No data is available on the degradability of any ingredients in the mixture.
12.3. Bioaccumulative potential	No data available.
Partition coefficient n-octanol/water (log Kow)	Not available.
Bioconcentration factor (BCF)	Not available.
12.4. Mobility in soil	No data available.
12.5. Results of PBT and vPvB assessment	This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII.
12.6. Endocrine disrupting properties	This mixture does not contain any substances having endocrine disrupting properties with respect to the environment as assessed in accordance with the criteria set out in Regulations (EC) No 1907/2006, (EU) No 2017/2100 and (EU) 2018/605, at a concentration equal to or greater than 0.1% by weight.
12.7. Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
SECTION 13: Disposal co	nsiderations
13.1. Waste treatment methods	
Residual waste	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.
EU waste code	The Waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Disposal methods/information	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.
Special precautions	Dispose in accordance with all applicable regulations.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations

- Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I and II, as amended Not listed.
- Regulation (EU) 2019/1021 On persistent organic pollutants (recast), as amended Not listed.
- Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 1 as amended Not listed.
- Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 2 as amended Not listed.
- Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 3 as amended Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex V as amended Not listed.

Regulation (EC) No. 166/2006 Annex II Pollutant Release and Transfer Registry, as amended Not listed.

Regulation (EC) No. 1907/2006, REACH Article 59(10) Candidate List as currently published by ECHA Not listed.

Authorizations

Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorization, as amended Not listed.

Restrictions on use

Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use, as amended - Conditions of restriction given for the associated entry number should be considered

Not listed

Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work, as amended

Not listed.

 Other regulations
 The product is classified and labelled in accordance with Regulation (EC) 1272/2008 (CLP Regulation) as amended. This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006, as amended.

 National regulations
 According to Directive 92/85/EEC as amended, pregnant women should not work with the product, if there is the least risk of exposure.

 Young people under 18 years old are not allowed to work with this product according to EU Directive 94/33/EC on the protection of young people at work, as amended. Follow national regulation for work with chemical agents in accordance with Directive 98/24/EC, as amended.

Contains a substance which is included on the TRGS 905 list of carcinogenic, germ cell mutagenic and reproductive	
toxic substances
