SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

Classification according to Regulation (EC) No 1272/2008 as amended

| Health hazards | | |
|--|-------------|---|
| Acute toxicity, oral | Category 4 | H302 - Harmful if swallowed. |
| Skin corrosion/irritation | Category 1B | H314 - Causes severe skin burns and eye damage. |
| Serious eye damage/eye irritation | Category 1 | H318 - Causes serious eye damage. |
| Skin sensitization | Category 1 | H317 - May cause an allergic skin reaction. |
| Reproductive toxicity | Category 2 | H361 - Suspected of damaging fertility or the unborn child. |
| Environmental hazards Hazardous to the aquatic environment, long-term aquatic hazard | Category 3 | H412 - Harmful to aquatic life with long lasting effects. |

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended UFI:

Austria: 7M30-30T6-E00J-M3KD Belgium: 7M30-30T6-E00J-M3KD Bulgaria: 7M30-30T6-E00J-M3KD

Croatia: 7M30-30T6-E00J-M3KD Cyprus: 7M30-30T6-E00J-M3KD Czech Republic: 7M30-30T6-E00J-M3KD Denmark: 7M30-30T6-E00J-M3KD Estonia: 7M30-30T6-E00J-M3KD EU: 7M30-30T6-E00J-M3KD Finland: 7M30-30T6-E00J-M3KD France: 7M30-30T6-E00J-M3KD Germany: 7M30-30T6-E00J-M3KD Greece: 7M30-30T6-E00J-M3KD Hungary: 7M30-30T6-E00J-M3KD Iceland: 7M30-30T6-E00J-M3KD Ireland: 7M30-30T6-E00J-M3KD Italy: 7M30-30T6-E00J-M3KD Latvia: 7M30-30T6-E00J-M3KD Lithuania: 7M30-30T6-E00J-M3KD Luxembourg: 7M30-30T6-E00J-M3KD Malta: 7M30-30T6-E00J-M3KD Netherlands: 7M30-30T6-E00J-M3KD Norway: 7M30-30T6-E00J-M3KD Poland: 7M30-30T6-E00J-M3KD Portugal: 7M30-30T6-E00J-M3KD Romania: 7M30-30T6-E00J-M3KD Slovakia: 7M30-30T6-E00J-M3KD Slovenia: 7M30-30T6-E00J-M3KD Spain: 7M30-30T6-E00J-M3KD Sweden: 7M30-30T6-E00J-M3KD Contains: 1,3-Benzenedimethanamine, 2,2,4(OR 2,4,4)-TRIMETHYLHEXANE-1,6-DIAMINE. 2,2'-iminodiethylamine; diethylenetriamine, 2-piperazin-1-ylethylamine, 4-tert-butylphenol, piperazine [liquid], Triethylolamine Hazard pictograms Signal word Danger Hazard statements Harmful if swallowed. H302 Causes severe skin burns and eye damage. H314 May cause an allergic skin reaction. H317 Causes serious eye damage. H318 Suspected of damaging fertility or the unborn child. H361 Harmful to aquatic life with long lasting effects. H412 **Precautionary statements** Prevention Obtain special instructions before use. P201 Do not handle until all safety precautions have been read and understood. P202 Do not breathe mist/vapors. P260 Wash thoroughly after handling. P264 Do not eat, drink or smoke when using this product. P270 Contaminated work clothing should not be allowed out of the workplace. P272 Avoid release to the environment. P273 Wear protective gloves/protective clothing/eye protection/face protection/hearing protection. P280 Response Rinse mouth. P330 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P301 + P330 + P331 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with P303 + P361 + P353 water/shower. IF INHALED: Remove person to fresh air and keep comfortable for breathing. P304 + P340IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present P305 + P351 + P338 and easy to do. Continue rinsing Immediately call a POISON CENTER/doctor. P310 If skin irritation or rash occurs: Get medical advice/attention. P333 + P313 Take off contaminated clothing and wash it before reuse. P362 + P364

| Storage | | | | | |
|---|--|-------------------------|---|--------------|-------|
| P405 | Store locked up. | | | | |
| Disposal | | | | | |
| P501 | Dispose of contents/container in accordance with local/regional/national/international regulations. | | | | |
| Supplemental label information | None. | | | | |
| 2.3. Other hazards | This mixture does not contain substances assessed to be vPvB / PBT according to Regulation (EC) No 1907/2006, Annex XIII. The mixture does not contain any substances included in the list established in accordance with REACH Article 59(1) for having endocrine disrupting properties at a concentration equal to or greater than 0.1% by weight. | | | | |

levels

List of abbreviations and symbols that may be used above

ATE: Acute toxicity estimate.

M: M-factor

vPvB: very persistent and very bioaccumulative substance.

PBT: persistent, bioaccumulative and toxic substance.

#: This substance has been assigned Union workplace exposure limit(s).

All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

Composition comments The full text for all H-statements is displayed in section 16.

SECTION 4: First aid measures

General information

IF exposed or concerned: Get medical advice/attention. If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before reuse.

#

| 4.1. Description of first aid meas | sures |
|---|--|
| Inhalation | Move to fresh air. Call a physician if symptoms develop or persist. |
| Skin contact | Remove contaminated clothing immediately and wash skin with soap and water. Call a physician or poison control center immediately. Chemical burns must be treated by a physician. Wash contaminated clothing before reuse. |
| Eye contact | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician or poison control center immediately. |
| Ingestion | Call a physician or poison control center immediately. Rinse mouth. Do not induce vomiting. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. |
| 4.2. Most important symptoms and effects, both acute and delayed | Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. |
| 4.3. Indication of any immediate medical attention and special treatment needed | Provide general supportive measures and treat symptomatically. Chemical burns: Flush with water immediately. While flushing, remove clothes which do not adhere to affected area. Call an ambulance. Continue flushing during transport to hospital. Keep victim warm. Keep victim under observation. Symptoms may be delayed. |

SECTION 5: Firefighting measures

| General fire hazards | No unusual fire or explosion hazards noted. |
|--|---|
| 5.1. Extinguishing media | |
| Suitable extinguishing media | Alcohol resistant foam. Powder. Carbon dioxide (CO2). |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this will spread the fire. |
| 5.2. Special hazards arising from the substance or mixture | During fire, gases hazardous to health may be formed. |
| 5.3. Advice for firefighters | |
| Special protective equipment for firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| Special fire fighting procedures | Move containers from fire area if you can do so without risk. |
| Specific methods | Use standard firefighting procedures and consider the hazards of other involved materials. |
| | |

SECTION 6: Accidental release measures

| 6.1. Personal precautions, protective equipment and emergency procedures | | | |
|--|---|--|--|
| For non-emergency personnel | Do not breathe mist/vapors. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. | | |
| For emergency responders | Keep unnecessary personnel away. Ensure adequate ventilation. Avoid breathing mist/vapors. Local authorities should be advised if significant spillages cannot be contained. Use personal protection recommended in Section 8 of the SDS. | | |
| 6.2. Environmental precautions | Avoid release to the environment. Inform appropriate managerial or supervisory personnel of all environmental releases. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground. | | |
| 6.3. Methods and material for | Prevent product from entering drains. | | |
| containment and cleaning up | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. | | |
| | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. | | |
| | Never return spills to original containers for re-use. | | |
| 6.4. Reference to other sections | For personal protection, see section 8 of the SDS. For waste disposal, see section 13 of the SDS. | | |
| SECTION 7: Handling and | storage | | |
| 7.1. Precautions for safe | Obtain special instructions before use. Do not handle until all safety precautions have been read | | |

| 7.1. Precautions for safe handling | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist/vapors. Do not get in eyes, on skin, or on clothing. Do not taste or swallow. Avoid prolonged exposure. When using, do not eat, drink or smoke. Pregnant or breastfeeding women must not handle this product. Should be handled in closed systems, if possible. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash |
|------------------------------------|--|
| | possible. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Avoid release to the environment. Observe good industrial hygiene practices. |

Store locked up. Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

7.3. Specific end use(s)

Observe industrial sector guidance on best practices.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

SECTION 13: Disposal considerations

13.1. Waste treatment methods

| Residual waste | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
|------------------------------|--|
| Contaminated packaging | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal. |
| EU waste code | The Waste code should be assigned in discussion between the user, the producer and the waste disposal company. |
| Disposal methods/information | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations. |
| Special precautions | Dispose in accordance with all applicable regulations. |

Authorizations

Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorization, as amended Not listed.

Restrictions on use

Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use, as amended - Conditions of restriction given for the associated entry number should be considered

Not listed.

Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work, as amended

4-tert-butylphenol (CAS 98-54-4) piperazine [liquid] (CAS 110-85-0)

Other regulations The product is classified and labelled in accordance with Regulation (EC) 1272/2008 (CLP Regulation) as amended. This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006, as amended. National regulations According to Directive 92/85/EEC as amended, pregnant women should not work with the product, if there is the least risk of exposure. Young people under 18 years old are not allowed to work with this product according to EU Directive 94/33/EC on the protection of young people at work, as amended. Follow national regulation for work with chemical agents in accordance with Directive 98/24/EC, as amended. Contains a substance which is included on the TRGS 905 list of carcinogenic, germ cell mutagenic and reproductive

toxic substances

titanium dioxide [in powder form containing 1 % or more of particles with aerodynamic diameter ≤ 10 μm] Gipsfasernund Wollastonitfasern) (CAS 13463-67-7)

France regulations

France INRS Table of Occupational Diseases

Not regulated.
