SAFETY DATA SHEET

1. Identification

1. Identification				
Product identifier	DEVCON® Flexane® High	Performance Pu	tty Curing Agent	
Other means of identification	C000N			
SKU#	6923N			
Recommended use	Not available.			
Recommended restrictions	None known.			
Manufacturer/Importer/Supplie	r/Distributor information			
Manufacturer				
Company name Address	ITW Performance Polymers 30 Endicott Street	i		
Autress	Danvers, MA 01923			
	United States			
Telephone	Customer Service	978-777-1100		
Website	www.itwperformancepolyme	ers.com		
E-mail	Not available.			
Contact person	EHS Department Chemtrec	800-424-9300		
Emergency phone number	International	800-424-9300 703-527-3887		
2. Hazard(s) identification	n			
Physical hazards	Not classified.		Cotomer 4	
Health hazards	Acute toxicity, oral		Category 4	
	Acute toxicity, dermal		Category 4	
	Serious eye damage/eye irr		Category 2A	
	Specific target organ toxicity exposure	y, repeated	Category 2	
Environmental hazards	Not classified.			
OSHA defined hazards	Not classified.			
Label elements				
Signal word	Warning			
Hazard statement	Harmful if swallowed. Harmful in contact with skin. Causes serious eye irritation. May cause damage to organs through prolonged or repeated exposure.			
Precautionary statement		0		
Prevention	Do not breathe mist/vapors. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear eye protection/face protection. Wear protective gloves/protective clothing.			
Response	If swallowed: Call a poison center/doctor if you feel unwell. Rinse mouth. If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center/doctor if you feel unwell. If eye irritation persists: Get medical advice/attention.			
Storage	Store away from incompatik	Store away from incompatible materials.		
Disposal	Dispose of contents/contain	er in accordance v	with local/regional/national/international regulations.	
Hazard(s) not otherwise classified (HNOC)	None known.			
Supplemental information	Nama			

None.

Supplemental information

3. Composition/information on ingredients **Mixtures** % **Chemical name** Common name and synonyms CAS number Diethyltoluenediamine 68479-98-1 60 - 80 1333-86-4 Carbon Black 2.5 - 10 Other components below reportable levels 20 - 40 4. First-aid measures Inhalation Move to fresh air. Call a physician if symptoms develop or persist. Wash off with soap and water. Get medical advice/attention if you feel unwell. Get medical Skin contact attention if irritation develops and persists. Wash contaminated clothing before reuse. Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if Eye contact present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists. Rinse mouth. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Ingestion Get medical advice/attention if you feel unwell. Most important Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Prolonged exposure may cause chronic effects. symptoms/effects, acute and delayed Provide general supportive measures and treat symptomatically. Keep victim warm. Keep victim Indication of immediate under observation. Symptoms may be delayed. medical attention and special treatment needed **General information** If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. 5. Fire-fighting measures Suitable extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2). Do not use water jet as an extinguisher, as this will spread the fire. Unsuitable extinguishing media Specific hazards arising from During fire, gases hazardous to health may be formed. the chemical Special protective equipment Self-contained breathing apparatus and full protective clothing must be worn in case of fire. and precautions for firefighters Move containers from fire area if you can do so without risk. **Fire fighting** equipment/instructions **Specific methods** Use standard firefighting procedures and consider the hazards of other involved materials. No unusual fire or explosion hazards noted. General fire hazards 6. Accidental release measures Personal precautions, Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not breathe mist/vapors. Do not protective equipment and touch damaged containers or spilled material unless wearing appropriate protective clothing. emergency procedures Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is Methods and materials for containment and cleaning up possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. **Environmental precautions** Avoid discharge into drains, water courses or onto the ground. 7. Handling and storage Do not breathe mist/vapors. Do not taste or swallow. Avoid contact with eyes, skin, and clothing. Precautions for safe handling When using, do not eat, drink or smoke. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Wash contaminated clothing before reuse. Observe good industrial hygiene practices.

9. Physical and chemical properties

Appearance	Liquid.
Physical state	Liquid.
Form	Liquid.
Color	Black.
Odor	Ammoniacal.
Odor threshold	Not available.
рН	> 7 - < 8 @ 5% solution
Melting point/freezing point	Not available.

Initial boiling point and boiling range	Not available.
Flash point	200.0 °F (93.3 °C) estimated
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or exp	losive limits
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	0.00009 hPa estimated
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Density	1.03 g/cm3 estimated
Explosive properties	Not explosive.
Flammability class	Combustible IIIB estimated
Oxidizing properties	Not oxidizing.
Specific gravity	1.03 estimated

10. Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Avoid temperatures exceeding the decomposition temperature. Avoid temperatures exceeding the flash point. Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	No hazardous decomposition products are known.

11. Toxicological information

Oral LD50

Information on likely routes of	exposure		
Inhalation	No adverse effects due to inhalation are expected.		
Skin contact	Harmful in contact with skin.		
Eye contact	Causes serious eye irritation.		
Ingestion	Harmful if swallowed.		
Symptoms related to the physical, chemical and toxicological characteristics	Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.		
Information on toxicological eff	ects		
Acute toxicity	Harmful in contact with skin. Harmful if swallowed.		
Components	Species		Test Results
Carbon Black (CAS 1333-86-4)			
<u>Acute</u>			

> 8000 mg/kg

Rat

Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.	
Serious eye damage/eye	Causes serious eye irritation.	
irritation		
Respiratory or skin sensitization	1	
Respiratory sensitization	Not a respiratory sensitizer.	
Skin sensitization	This product is not expected to cause skin sensitization.	
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.	
Carcinogenicity	Not classifiable as to carcinogenicity to humans.	
IARC Monographs. Overall I	Evaluation of Carcinogenicity	
Carbon Black (CAS 1333 OSHA Specifically Regulate	B-86-4) 2B Possibly carcinogenic to humans. ad Substances (29 CFR 1910.1001-1053)	
Not listed. US. National Toxicology Pro	ogram (NTP) Report on Carcinogens	
Carbon Black (CAS 1333	B-86-4) Known To Be Human Carcinogen.	
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.	
Specific target organ toxicity - single exposure	Not classified.	
Specific target organ toxicity - repeated exposure	May cause damage to organs through prolonged or repeated exposure.	
Aspiration hazard	Not an aspiration hazard.	
Chronic effects	May cause damage to organs through prolonged or repeated exposure.	
12. Ecological information	n	
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.	
Persistence and degradability	No data is available on the degradability of any ingredients in the mixture.	
Bioaccumulative potential	No data available.	
Mobility in soil	No data available.	
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.	
13. Disposal consideratio	ns	
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.	
Local disposal regulations	Dispose in accordance with all applicable regulations.	
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.	
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).	
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.	
14. Transport information		

DOT

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established.

Annex II of MARPOL 73/78 and
