| 2 2 . | International | 703-527-3887 | |

2. Hazard(s) identification

Storage

Disposal

| Physical hazards | Not classified. | |
|-------------------------|--|------------|
| Health hazards | Acute toxicity, oral | Category 4 |
| | Skin corrosion/irritation | Category 2 |
| | Serious eye damage/eye irritation | Category 2 |
| | Sensitization, skin | Category 1 |
| Environmental hazards | Hazardous to the aquatic environment, acute hazard | Category 2 |
| | Hazardous to the aquatic environment, long-term hazard | Category 2 |
| OSHA defined hazards | Not classified. | |
| Signal word | Warning | |
| Hazard statement | Harmful if swallowed. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Toxic to aquatic life. Toxic to aquatic life with long lasting effects. | |
| Precautionary statement | | |
| Prevention | Avoid breathing dust/fume/gas/mist/vapors/spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Contaminated work clothing must not be allowed out of the workplace. Avoid release to the environment. Wear eye protection/face protection. Wear protective gloves. | |
| Response | Rinse mouth. If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation or rash occurs: Get medical advice/attention. If eye irritation persists: Get medical | |

advice/attention. Take off contaminated clothing and wash it before reuse. Collect spillage.

Dispose of contents/container in accordance with local/regional/national/international regulations.

Not available.

None known.

39.17% of the mixture consists of component(s) of unknown acute oral toxicity. 43.73% of the mixture consists of component(s) of unknown acute dermal toxicity. 45.33% of the mixture consists of component(s) of unknown acute hazards to the aquatic environment. 45.33% of the mixture consists of component(s) of unknown long-term hazards to the aquatic environment.

appropriate protective equipment and clothing during clean-up. Do not touch damaged containers

or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation.

Local authorities should be advised if significant spillages cannot be contained. For personal

3. Composition/information on ingredients

| Mixtures | | | |
|--|--|--------------------------------------|---------------------------------------|
| Chemical name | Common name and synonyms | CAS number | % |
| Limestone | CALCIUM CARBONATE | 1317-65-3 | 30 - 60 |
| DIBUTYL PHTHALATE | DI-N-BUTYL PHTHALATE | 84-74-2 | 5 - 10 |
| Silicon Dioxide | Silica, amorphous, fumed, crystfree | 112945-52-5 | 3 - 7 |
| Titanium Dioxide | TITANIUM DIOXIDE | 13463-67-7 | 1 - 5 |
| Other components below repor | table levels | | 0.1 - 1 |
| 4. First-aid measures | | | |
| Inhalation | Move to fresh air. Call a physician if symptoms | develop or persist. | |
| Skin contact | Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions. Wash contaminated clothing before reuse. | | |
| Eye contact | Immediately flush eyes with plenty of water for a present and easy to do. Continue rinsing. Get n | | |
| Ingestion | Rinse mouth. If vomiting occurs, keep head low Get medical advice/attention if you feel unwell. | so that stomach content do | esn't get into the lung |
| Most important symptoms/effects, acute and delayed | Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Skin irritation. May cause redness and pain. May cause an allergic skin reaction. Dermatiti Rash. | | |
| Indication of immediate medical attention and special treatment needed | Provide general supportive measures and treat symptomatically. Keep victim warm. Keep victim under observation. Symptoms may be delayed. | | |
| General information | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before reuse. | | |
| 5. Fire-fighting measures | | | |
| Suitable extinguishing media | Water fog. Foam. Dry chemical powder. Carbor | n dioxide (CO2). | |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this | will spread the fire. | |
| Specific hazards arising from the chemical | During fire, gases hazardous to health may be formed. | | |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. | | |
| Fire fighting equipment/instructions | Move containers from fire area if you can do so | without risk. | |
| Specific methods | Use standard firefighting procedures and consid | der the hazards of other invo | lved materials. |
| General fire hazards | No unusual fire or explosion hazards noted. | | |
| 6. Accidental release mea | isures | | |
| Personal precautions, | Keep unnecessary personnel away. Keep peop | le away from and upwind of | spill/leak. Wear |
| | and the second state of the second state of the second state in th | leader a state con District the cost | - demonstration and the second second |

protection, see section 8 of the SDS.

protective equipment and

emergency procedures

| Methods and materials for | Prevent entry into waterways, sewer, basements or confined areas. | |
|--|---|--|
| containment and cleaning up | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. | |
| | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. | |
| | Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. | |
| Environmental precautions | Avoid release to the environment. Inform appropriate managerial or supervisory personnel of all environmental releases. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground. | |
| 7. Handling and storage | | |
| Precautions for safe handling | Do not taste or swallow. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with eyes, skin, and clothing. When using, do not eat, drink or smoke. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Avoid release to the environment. Observe good industrial hygiene practices. | |
| Conditions for safe storage, including any incompatibilities | Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS). | |
| 8. Exposure controls/personal protection | | |

Occupational exposure limits

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

| Components | Туре | Value | Form |
|--------------------------------------|---------|-----------|-----------------------------------|
| DIBUTYL PHTHALATE (CAS 84-74-2) | PEL | 5 mg/m3 | |
| Limestone (CAS 1317-65-3) | PEL | 5 mg/m3 | Respirable fraction. |
| | | 15 mg/m3 | Total dust. |
| Titanium Dioxide (CAS 13463-67-7) | PEL | 15 mg/m3 | Total dust. |
| US. OSHA Table Z-3 Permissible E | • • • • | • | - |
| Components | Туре | Value | Form |
