

Permatex Next Generation Seal + Lock Thread Compound

Revolutionary Thread Sealant with the Strength of Blue Threadlocker

Seal + Lock Thread Compound is a one-of-a-kind product that combines the power of a thread sealant and a thread locker into one. With this hybrid anaerobic formulation, sealed connections will not loosen and locked fittings will not leak. Formula seals to 1,000 psi, locks to 120 lbs. sq. in. and is temperature resistant between -60°F to 300°F.

Applications

Transportation

- Threaded freeze plugs
- Oil pressure sensor
- Fuel line supply nuts and bolts
- Threaded fuel injectors
- Coolant temperature sensor
- Power steering cooler line nuts
- Brake master cylinder line nuts
- A/C systems
- Plumbing systems

Hardware

- Metal plumbing connections
- Metal pipe plugs
